EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE SPECIFICATION:

Replace paragraph 0033 with the following amended paragraph

[0033] Figs. 11, 11a, 11b and 11c show a third embodiment of the invention in detail, wherein Fig. 11 schematically shows a first type of flap valve, and Figs, 11a, 11b and 11c show first, second and third embodiments, respectively, of the second type of flap valve.

IN THE CLAIMS:

In claim 27, last line; after "side wall" insert ", and a vertical flow channel formed between the first side wall and vertical edges of the electrode plates for conducting an upward flow of the surging electrolyte to a location above the plate elements".

See Office Action of 3/24/04 for the reasons for allowance. Note the above amendment to the specification was made to correct a typographical error ("1a" should be "11a").

Note the above amendment to claim 27 was made because part of claim 29 was not incorporated into claim 27 as stated by Applicant. Since Applicant did not elect a species, claim 29 should have been fully incorporated into claim 27 to avoid a non-responsive amendment notice. The Examiner stated a species election was not required if claim 29 was incorporated into claim 27 and claim 32 was incorporated into claim 31. Examiner believes the omission of

Art Unit: 1745

part of claim 29 was unintentional and that Applicant intended to fully incorporate claim 29 into claim 27 to avoid the species election requirement and place the application in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tracy Dove whose telephone number is 571-272-1285. The examiner can normally be reached on Monday-Thursday (9:00-7:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Pat Ryan can be reached on 571-272-1292. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
